

Landfill

Yes please

- Laboratory glass, such as flasks, beakers, graduated cylinders and empty test tubes
- Drinking glasses
- Mirror glass, window glass and other glass objects that are not packages
- Ceramic, earthenware and stoneware
- Slides as long as they do not have toxic solutions on them

No thanks

- Glass packaging

Handling

Glass and ceramic must be visibly clean.

Collect the waste in the ward in a suitable container. Then empty the container into the sorting box for landfill in the recycling room.
