

Contaminated packaging

Yes, please: Empty bottles, jars and cans made from glass, plastic or metal which are labeled with one or more of the symbols for poisonous or environmentally hazardous substances that are listed above.

No, thank you: Packaging with other symbols or without labelling.

Handling: Empty packaging, bottles, jars and cans made from glass, plastic or metal with closed lid, cap or screw labeled as above shall be placed in a solid, transparent plastic bag. The plastic bag shall then be sealed.

Mark the bag by using a correctly filled out "Kemavfall"-label. Mark innehåll (contents) with "Förorenade förpackningar".
